Please determine the extent that contents or other specified items were damaged by flooding. Report the following details, along with any other relevant information:

1. Describe your contact with the policyholder and the subsequent investigation.
2. What portion of the loss may have been pre-existing and to what extent was the loss effected by this?
3. What portion of the loss may have been caused by other perils such as wind, fire, or improper handling / drying / mitigation?
4. What portion may be due to defective materials, construction, design, installation or maintenance?
5. To what extent were the contents or other specified items damaged by flooding?
6. List the age, condition, and actual cash value of each item at the time of flooding.
7. Damaged Inventory Summary and supporting documentation of any replacement pricing.
8. Total replacement cost and actual cash value of loss.
9. Please inspect and consider only those contents/items/inventory in this building (when multiple buildings exist at the same location or property) as coverage under the policy may only be limited to the same. Please briefly address contents/items/inventory that may exist in other buildings. Do not include this in final calculations or allowances.

Additional instructions or other information below:
